**B.** Pledge of Allegiance

2. PUBLIC COMMENT: No Comment

A. Sheriff's Report – Report for November.

There were 63 calls for service. Such calls were 11 Assist Other Agencies, 1 Domestic Violence, 1 Crimes Against Property, 4 Check the Welfare, 7 Suspicious Circumstances, 8 Incomplete 911 Calls, 31 Self-Initiated Field Activity by a Deputy.

B. Public comment on Sheriff's Report: None

### 3. BOARD PRESENTATIONS AND ANNOUNCEMENTS:

The residents of San Simeon were given ballots in October to vote for the San Simeon business who they felt did the best job representing the Community of San Simeon. El Chorlito was the winner, runner up was The Cavalier. The Board presented the "Dee Dee Ricci Beautification Award" to El Chorlito Restaurant at the December meeting. Evelyn and Bob Moralas from El Chorlito accepted their Beautification award from Dee Dee Ricci.

### 4. STAFF REPORTS

### A. General Manager's Report

Staff Activity – Report on Staff activities for the month of November
 During the month Staff read meters and distributed water billing to customers. Grease trap inspections were conducted and will continue through the month of December.

Staff worked with Phoenix Engineering and Olivera Environmental on their proposals for the Recycled Water Project and their portions of the work plan. Staff revised the work plan, budget and other paperwork necessary to meet the County's deadline for the Grant approval process. Staff assisted hotels with questions regarding the recycled water contract in effort that they could be submitted in a timely manner.

### 2. Update - Well Head Treatment Project

After extensive coordination staff received a proposal from Evoqua to rent a well head treatment system to reduce hardness and chloride from water pumped via well one and well two. Staff continues to work with Evoqua by exploring their capital lease program in effort to eventually own the treatment devise.

The General Manager received word from the California Department of Public Health (CDPH) that the 50% design that was submitted has been accepted. Staff is now moving forward with 100% design.

Mrs. Ricci from the public asked about permitting. Mr. Grace said that the CDPH has been involved in every step taken by Staff to avoid problems with permitting.

### 3. Update - USDA Grant Application for Well Head Treatment Project

Phoenix Engineering has completed the Preliminary Engineering Report (PER) for the Grant and staff submitted the PER to the USDA. Staff is continuing with the application process required by the USDA for Grant approval. The USDA suggested they review the PER prior to SSCSD submitting the remainder of the application. The PER is currently being review by the USDA engineering department for grant compatibility.

### B. Superintendent's Report

### 1. Wastewater Treatment Plant

- All sampling, testing and reporting at the wastewater treatment plant and the recycled water facility was performed as required by the RWQCB.
- The oxygen pressure regulator on the Recycled Water Facility failed and was replaced.
- A pH study was performed. A report for the study was assembled to be submitted to the RWQCB.

### 2. Water Distribution System

• All routine sampling and testing was performed. The monthly report was submitted to the CDPH.

- Monthly meter reading was performed.
- Well 2 had a 3600 mg/l chloride level. After the storm it went down to 1800 mg/l. Well 3 was at 200 mg/l and went down to 30 mg/l. Well 1 is not in operation at the moment.

### 3. District and Equipment Maintenance

• Staff continues with all of the scheduled preventive maintenance for all the equipment at the facilities. We are recording all of these activities.

The Superintendent also introduced the newest Staff member, Jonathon Weiss, who replaced Mike Arias.

	6. DISCUSSION & ACTION ITEMS
	6A. Board Vote on LAFCO Special District Member for a three (3) year term.
	6B. Review of 2013-2014 Draft Fiscal Audit.

### 6. DISCUSSION/ACTION ITEMS January 14, 2015

### A. Board Vote on LAFCO Special District Member for a three (3) year term.

Two individuals have been nominated for the LAFCO Special District position. The term for this position would expire in December of 2018. Each independent Special District may vote for one nominee. The vote by a District must be considered by the District's Board of Directors as an item placed on its agenda. The nominees resume and statement of qualifications was submitted in this board packet for Board review.

LAFCO has asked the San Simeon CSD Board of Directors to select one of the following nominees:

- ✓ Barbara Bronson Gray, Cambria Healthcare District
- Marshall Ochylski, Los Osos Community Services District

A ballot will be given to each Board Member at this time for nominee selection and then read out loud for the minutes.

### B. Review of 2013-2014 Draft Fiscal Audit.

Attached is the Draft 2013-2014 District Audit performed by Moss, Levy & Hartzheim for Board review. Adam Guise, from Moss, Levy & Hartzheim is present to address any questions or changes Staff or the Board might have prior to finalizing the Audit.

### INDEPENDENT AUDITORS' REPORT

To the Board of Directors
San Simeon Community Services District
San Simeon, CA

### Report on the Financial Statements

We have audited the accompanying basic financial statements of San Simeon Community Services District (District) as of and for the fiscal year ended June 30, 2014, and the related notes to the basic financial statements, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the of the San Simeon Community Services District, as of June 30, 2014, and the respective changes in financial position and cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

### Change in Accounting Principles

As discussed in note 1 to the basic financial statements effective July 1, 2012, the San Simeon Community Services District adopted Governmental Accounting Standards Board (GASB) Statement No. 65, Items Previously Reported as Assets and Liabilities, Statement No. 66, Technical Correction-2012, Statement No. 67, Financial Reporting for Pension Plans, and Statement No. 70, Accounting and Financial Reporting for Non-exchange Financial Guarantees. Our opinion is not modified with respect to this matter.

### Other Matters

### Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The introductory section and the schedules of revenues, expenses, and changes in net position by function on pages 15 and 16 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of revenues, expenses, and changes in net position by function is the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basis financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of revenues, expenses, and changes in net position by function are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated XXXXXX, on our consideration of the San Simeon Community Services District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

### Report on Summarized Comparative Information

We have previously audited the District's basic financial statements as of and for the fiscal year ended June 30, 2013, and our report dated February 27, 2014, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the fiscal year ended June 30, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### NOTE 1 - NATURE OF DISTRICT

San Simeon Community Services District (the "District") is a political subdivision of the State of California and operates under a council form of government. The District administers the following community services as provided by its charter: Water, sanitation, streets, lighting and general and administrative services.

The District is a Community Services District as defined under State Code Section: 61000. A Community Services District is a public agency (State Code Section: 12463.1) which is a State instrumentality (State Code Section: 23706). State instrumentalities are exempt from federal and state income taxes.

There are no component units included in this report which meet the criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statements No. 39 and No. 61.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. <u>Accounting Policies</u> The accounting policies of the District conform with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).
- B. <u>Basis of Accounting</u> The District is organized as an Enterprise Fund and follows the accrual method of accounting, whereby revenues are recorded as earned, and expenses are recorded when incurred.
- C. <u>Budget</u> Although a budget is adopted annually, it is used primarily as a guideline for the Board in regulating expenditures. There is no legal requirement to stay within the adopted budget in the payment or classification of expenditures.
- D. Cash and Cash Equivalents Cash and cash equivalents consist of cash on hand and in banks and short-term, highly liquid investments with a maturity of three months or less, which include money market funds, cash management pools in County Treasury and the state Local Agency Investment Fund (LAIF). Cash held in the county and state pooled funds is carried at cost, which approximates fair value. Interest earned is deposited quarterly into the participant's fund. Any investment losses are proportionately shared by all funds in the pool. The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et seq. The funds maintained by the County are either secured by federal depository insurance or are collateralized.
- E. <u>Property, Plant and Equipment</u> Capital assets purchased by the District are recorded at cost. Contributed or donated capital assets are recorded at fair value when acquired.
- F. <u>Depreciation</u> Capital assets purchased by the District are depreciated over their estimated useful lives (ranging from 5-50 years) under the straight-line method of depreciation.
- G. Receivables The District did not experience any significant bad debt losses; accordingly, no provision has been made for doubtful accounts, and accounts receivable is shown at full value.
- H. <u>Encumbrances</u> Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is not utilized by the District.
- Customer Deposits Customer deposits are recorded as a liability of the District. The District requires an advance deposit of \$50 for new customers.

#### J. Net Position

GASB Statement No. 63 requires that the difference between assets added to the deferred outflows of resources and liabilities added to the deferred inflows of resources be reported as net position. Net position is classified as either net investment in capital assets, restricted, or unrestricted.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### J. <u>Net Position (Continued)</u>

Net investment in capital assets consist of capital assets, net of accumulated depreciation, and reduced by the outstanding principal of related debt. Restricted net position is the net position that has external constraints placed on them by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of net investment in capital assets or restricted net position.

#### K. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, as prescribed by the GASB and the AICPA, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### L. New Accounting Pronouncements

Governmental Accounting Standards Board Statement No. 65

For the fiscal year ended June 30, 2014, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 65, "Items Previously Reported as Assets and Liabilities." This Statement is effective for periods beginning after December 15, 2012. The objective of this Statement is to establish accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities. Implementation of the GASB Statement No. 65 did not have an impact on the District's financial statements for the fiscal year ended June 30, 2014.

Governmental Accounting Standards Board Statement No. 66

For the fiscal year ended June 30, 2014, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 66, "Technical Correction - 2012." This Statement is effective for periods beginning after December 15, 2012. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions", and GASB Statement No. 62 "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements." Since the release of these Statements, questions have arisen concerning differences between the provisions in Statement No. 54 and Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, regarding the reporting of risk financing activities. Questions also have arisen about differences between Statement No. 62 and Statements No. 13, Accounting for Operating Leases with Scheduled Rent Increases, regarding the reporting of certain operating lease transactions, and No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Equity Transfers of Assets and Future Revenues, concerning the reporting of the acquisition of a loan or a group of loans and the recognition of servicing fees related to mortgage loans that are sold. Implementation of the GASB Statement No. 66 did not have an impact on the District's financial statements for the fiscal year ended June 30, 2014.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### L. New Accounting Pronouncements (Continued)

Governmental Accounting Standards Board Statement No. 67

For the fiscal year ended June 30, 2014, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 67, "Financial Reporting for Pension Plans." This Statement is effective for periods beginning after June 15, 2013. The objective of this Statement is to improve financial reporting by state and local governmental pension plans. This Statement replaces the requirements of Statements No. 25, "Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans" and No. 50 "Pension Disclosures" as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements No. 25 and No. 50 remain applicable to pension plans that are not administered through trusts covered by the scope of this Statement and to defined contribution plans that provide postemployment benefits other than pensions. Implementation of the GASB Statement No. 67 did not have an impact on the District's financial statements for the fiscal year ended June 30, 2014.

Governmental Accounting Standards Board Statement No. 70

For the fiscal year ended June 30, 2014, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 70, "Accounting and Financial Reporting for Non-exchange Financial Guarantees." This Statement is effective for periods beginning after June 15, 2013. The objective of this Statement is to improve the recognition, measurement, and disclosure guidance for state and local governments that have extended or received financial guarantees that are non-exchange transactions.. Implementation of the GASB Statement No. 70 did not have an impact on the District's financial statements for the fiscal year ended June 30, 2014.

#### M. Comparative Data/Total Only

Comparative total data for the prior fiscal year has been presented in certain accompanying financial statements in order to provide an understanding of the changes in the District's financial position, operations, and cash flows. Also, certain prior fiscal amounts have been reclassified to conform to the current fiscal year financial statements presentation.

#### NOTE 3 - CASH AND INVESTMENTS

Investments are carried at fair value. On June 30, 2014, the District had the following cash and temporary investments on hand:

Petty cash	s	150
Cash in bank	Ψ	805,274
Investments		518
Cash held in escrow		
•		72,264
Total cash and investments	øs.	000.000

#### Restricted cash

Restricted cash consists of funds that are set aside for well refurbishment as well as appurtenant equipment and structure.

#### Cash held in escrow

The District has a \$500,000 loan with the United States Department of Agriculture (USDA). As of June 30, 2014, the District had only drawn down \$427,736, and the remaining \$72,264 remains with USDA.

## NOTE 3 - CASH AND INVESTMENTS (Continued)

### Investments Authorized by the District's Investment Policy

The table below identifies the investment types that are authorized for the District by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, credit risk, and concentration of credit risk.

#### Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

			Remaining M	aturity (in Months)	
Investment Type	Carrying Amount	12 Months Or Less	13-24 <u>Months</u>	25-60 <u>Months</u>	More than 60 Months

June 30, 2014

#### NOTE 3 - CASH AND INVESTMENTS (Continued)

#### Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization. Presented on the next page, is the minimum rating required by (where applicable) the California Government Code and the actual rating as of fiscal year end for each investment type.

Investment Type	Carrying Amount	Minimum Legal Rating	Exempt From		as of Fiscal Yea	
LAIF	-		<u>Disclosure</u>	AAA	Aa	Not Rated
	\$ <u>518</u>	N/A	\$	\$	\$	\$ <u>518</u>
Total	<u>\$ 518</u>		\$	\$ -	\$ -	\$ 518

#### Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total District's investments.

#### Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the District's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

None of the District's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

#### Investment in State Investment Pool

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying basic financial statements at the amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

Depreciation expense for the fiscal years ended June 30, 2014 and 2013 was \$86,859 and \$79,980, respectively. Additions to construction in progress for the year ended June 30, 2014 consisted mainly of expenses related to the wellhead project.

#### NOTE 5 - CUSTOMER DEPOSITS

The liability for customer deposits consists of the following as of June 30, 2014 and 2013:

·	 2014	 2013	
Hook-Up deposits Customer meter deposits	\$ 43,520 10,308	\$ 43,470 10,458	
	\$ 53,828	\$ 53,928	

#### NOTE 5 - CUSTOMER DEPOSITS (Continued)

The hook-up deposits are from customers on a waiting list to connect into the system. Each deposit represents total hook-up fees owed by the customer based on the fee schedule in place at the time of the payment. Additional fees may be required from the customer, based on the current fee schedule, when the utility connection is completed.

Customer meter deposits consist of a \$50 refundable deposit required, for each metered customer before any service can be provided by the District.

#### NOTE 6 - LOANS PAYABLE

On July 11, 2011, the District applied for a \$500,000 loan from the United States Department of Agriculture.
