The Ordinance also establishes procedures whereby owners of parcels with existing commitments may transfer equivalent dwelling units to another parcel and whereby owners of parcels with active service commitments or non-active service commitments may transfer equivalent dwelling units or plumbing fixtures to new plumbing fixtures at another location within a parcel. These transfers require the property owner to receive a Will Serve Letter indicating the equivalent dwelling unit quantity of water that shall be provided by the District to benefit a specific site subject to availability and the rules and fees applicable at the time of service.
